Public Transit (Metro + S-Tog + Buses)

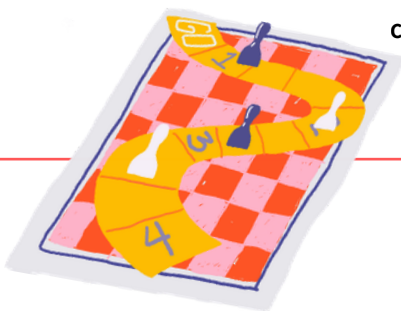

- Single fare (2 zones): 26 DKK (~\$4.00)
- Single fare (3 zones): 30 DKK (~\$4.60) — covers most of the city
- 24-hour City Pass (Zones 1–2): 80 DKK (~\$12.20)
- 48 / 96 / 120-hour City Passes are also available and scale well for multi-day visits

How to buy: Ticket machines at Metro and train stations, the DOT app (Rejsekort), or at 7-Eleven stores

Not customary but not unusual. Danes generally don't tip, but tourists are welcome to round up or leave 5–10% at restaurants for good service. It is more expected at tourist-facing establishments than local spots.

Wednesday, Aug 19

Morning swim

Start at Islands Brygge Harbour Bath or Kalvebod Bølge. I would choose Islands Brygge if you want proper pools, diving platforms, and a more structured bath. Choose Kalvebod Bølge if you want a more informal open-water experience and the architectural setting.

Islands Brygge has lifeguards during the summer season, while Kalvebod Bølge is a public, year-round bathing zone without listed lifeguard hours. Check the municipality's water-quality page before swimming and stay inside the marked bathing areas.
